

13TH INTERNATIONAL CONFERENCE ON GAS-LIQUID AND GAS-LIQUID-SOLID REACTOR ENGINEERING (GLS-13)

FROM SUNDAY 20 AUGUST TO WEDNESDAY 23 AUGUST 2017
CROWNE PLAZA BRUSSELS • LE PALACE • BRUSSELS • BELGIUM

In line with the previous editions of the GLS conference series, this conference will cover all aspects of **gas-liquid and gas-liquid-solid reactors**, from the scientific principles behind these reactors to their applications in numerous domains.

Authors of accepted abstracts will be invited to submit a full paper for a special issue of **Chemical Engineering Science** (CES) that will be released for the conference. Accepted works for publication in CES will automatically be proposed for oral communications.

Important dates :

- First abstract submission (when intending to submit a full paper to CES): 1 February 2016
- Abstract acceptance decision: 1 March 2016
- Full paper submission to CES: 1 August 2016
- Notification of acceptance in CES: 15 January 2017
- Second abstract submission (when not intending to submit a full paper to CES): 15 January 2017
- Conference type (oral or poster) notification: 15 March 2017
- Registration opening: 1 April 2017

Brussels has an exceptional location at the heart of Europe. It is one of the easiest cities in the world to reach (direct flights to more than 60 countries, fast rail connections to many European capitals). Brussels is a city of culture: it has the biggest amount of museums per inhabitant in Europe! It also has more than 2.000 restaurants, bars & discos. Its architecture is a surreal mix between modernity and history, with the world famous “grand place”, where the opening cocktail of the congress will be held.

The Crowne Plaza Brussels – Le Palace is a historic landmark built in 1908. It has been fully renovated a few years ago but it is still filled with exquisite Art Nouveau and Art Deco motifs. It is located on the place Rogier, in the city center. It hosts a convention center that will be perfectly suited for a GLS conference.

This conference is a common organization of **6 institutions:**

- Gembloux Agro-Bio Tech (BE)
- Université libre de Bruxelles (BE)
- Université de Liège (BE)
- Université de Mons (BE)
- Université de Toulouse (FR)
- von Karman Institute (BE)
